

# Books at Bedtime

Wednesday 18<sup>th</sup> October 2017

Reception children and parents were invited back into school at 5pm dressed in their pyjamas and wellies to enjoy books read in exciting ways by Mrs Gowan and the Foundation Stage staff.

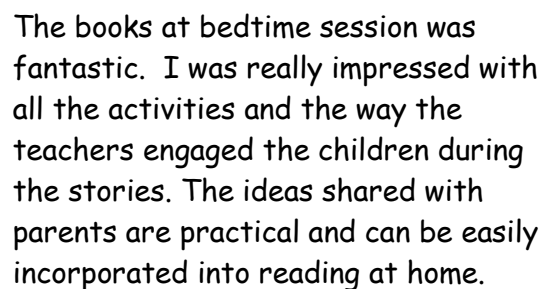

It was excellent, well thought out and it was good that the children were spilt into smaller groups. We loved the fire pit and puppets and the set up in the hall was great.

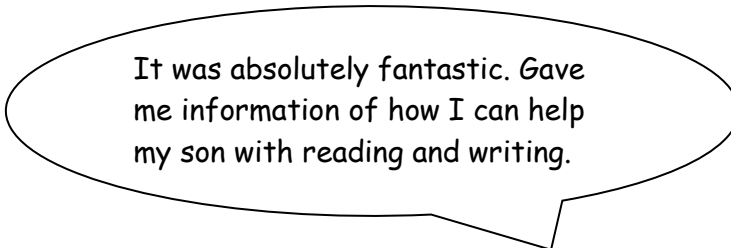

We really enjoyed the session, it was good to get together again with other parents and children. We enjoyed the part in the classroom; it was very interesting to see them in their environment. Also to see how they are taught. We can now take points from this to use at home.

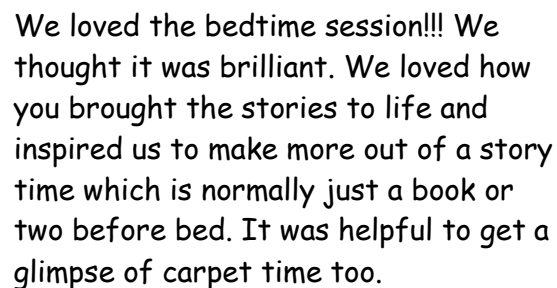

## Our parents say...

The books at bedtime session was fantastic. I was really impressed with all the activities and the way the teachers engaged the children during the stories. The ideas shared with parents are practical and can be easily incorporated into reading at home.

It was absolutely fantastic. Gave me information of how I can help my son with reading and writing.

We loved the bedtime session!!! We thought it was brilliant. We loved how you brought the stories to life and inspired us to make more out of a story time which is normally just a book or two before bed. It was helpful to get a glimpse of carpet time too.

I found the session informative and useful in seeing ways to engage with my son whilst reading to make it fun and animated to capture his imagination. It was also great to see and hear how he is learning sounds and numbers.
