

Chapter Sequencing

Put these events in the order in which they happened in the story, numbering them from 1 to 5. The first one has been done for you.

Rob and Safia retraced their steps and searched every inch of pavement.

Safia noticed that the mask was missing.

They scoured every classroom, the hall and the canteen.

Begrudgingly, they accepted that the mask had gone.

They looked in the school's lost property basket.
